

Ivan Koconda, Project Manager

Ivan Koconda joined our contracting team in March 2016 as Construction Project Manager with more than 6 years of experience in managing projects. Ivan is responsible for managing and coordinating construction teams from start through finish of multiple residential and commercial projects, and acts as a prominent resource for our clients to ensure that their vision and goals are successfully met. He is responsible for overseeing all aspects of each project, including the managing, coordinating, and control of all financial aspects of each project, providing an estimate, working within budget, scheduling and negotiation of contracts, and change orders. He is the direct liaison and lead communication between clients, engineers, architects, designers, and the lead enforcer of contractual provisions from pre-bid to the final warranty is issued on each project.

Ivan received his Master of Engineering Management/Energy Management from Faculty of Technical Science at the University of Novi Sad in Serbia.
